Responses to Capitol Region Water (CRW) Motion to Intervene::

- We (DOJ on behalf of EPA) and PADEP are planning to file individual responses to the Motion to Intervene for this case.
- Background: On May 6, the Lower Susquehanna Riverkeeper Association (LSRA) filed a Motion to Intervene in the federal district court in a CWA case brought by the U.S. and PADEP against CRW and the City of Harrisburg for alleged failure to implement an approvable Long-Term Control Plan under the Partial Consent Decree to stem the flow of combined sewage into the Susquehanna.

Stacie, thanks.

I can add the fact that we're filing a nonconcur motion. However, can you help me with the highlighted area (who else is being referred to)?
